## **Carolinas Franchise Consultant Receives National Recognition**

### **Michael Hall recognized with 'Top Gun' Award**

Charlotte, NC - Michael Hall, Franchise Consultant and President of FranNet Carolina, was recently recognized with the 'Top Gun Award' at the FranNet national convention in Houston. This coveted award is presented annually to a single FranNet Consultant based on key performance indicators such as number of client placements and other contributions to the FranNet national organization.

“It's an honor to be recognized by FranNet,” says Hall. “I enjoy helping my clients make that life-changing transition into business ownership. After 14 years, I still get a thrill out seeing new businesses open and become successful.”

Hall has owned the FranNet offices in North and South Carolina since 1993. In that time, he has matched hundreds of aspiring business owners and franchise companies, like Steve Kaplan of the Relax the Back store. Steve was one of Hall's first ever placements.

Kaplan comments, “I really like how Mike asked me what my interests were first – asking me to evaluate my likes and dislikes before even thinking about selecting a franchise. Mike’s patience and thoroughness helped make the whole process run very smoothly.”

FranNet Carolina is an affiliate of FranNet National. Founded in 1987, FranNet National is a franchise sales and consulting firm offering a free-of-charge service that matches potential business owners with the franchise companies that meet their personal and career goals. Today FranNet is the oldest and most respected franchise sales consulting organization in the country.
